Mailed to All Sufferers From Disor ders of the Kidneys and Bladder, Bright's Disease, Rheumatism, Gravel, Pain in the Back, Dropsy, Etc.

The following letter from Hon, I. A. Hopkins chairman of the Board of County Commissioners, Ellaworth, Kas., tells how Alkavis cured after be made up his mind that he had but a short time

Gentlemen—I believe and know that I owe my live to Alkavis. I had been troubled with Kid-ney and Hadder Trouble for years. My limbs ere swollen with Rheumatism so that I could hardly walk. I had to get up every hour of the night to urinate. I passed great quantities of blood on account of hemorrhage of the Kidneys and Bladder. I tried and had been trying every-

thing in the shape of Medicine for Kidney Trouble that I could think of or that the Doctors recommended, but nothing helped me. I made up my mind that I had only a short time to live. I sent to you for three bottles of Alkavis; began to take it, and before I had taken it one week began to take it, and before I had taken it one week began to take it, and before I had taken it one week began to get better. My Kidney Trouble and Rheumatism were soon gone and I am in good health how. I have recommended Alkavis to a great many people and all have been benefited by its use. Graterully yours, I A. HOPKINE."

Mrs. Ida A. Francis of Mooresville, Ind., writes: "She had been bothered with Kidney and Hadder Trouble ever since she was 6 years old, ild not get any rest day or night, and had to be up fifteen times a night at times. Was also troubled with Rheumatism, Female Complaint and Irregular Menses, also symptoms of Dropsy, Tried many physicians, but received little benefit. Two years ago took Alkavis and was completely tured and states she will answer any letter that comes to hand concerning the wonderful medicine. Mrs. Mary Pox, Seymour, Ia.; Miss Vola Dearling. Petersburg, Ind.; Mrs. Jas. Young, Keni, O., and many other ladies Join in testifying to the wonderful curative powers of Alkavis in various forms of Kidney and allied diseases, and in other disorders peculiar to womanhood.

## INJUNCTION ORDERED **AGAINST BEEF TRUST**

Judge Grosscup Says Law Must Be Obeyed, No Matter Whose Business Is Affected.

RESTRAINT OF TRADE SHOWN.

Agreements Regarding Shipments and Bidding for Cattle, According to the Court, Amount to Unlawful Combination.

Chicago, Feb. 18.-The demurrer of the packers in the so-called "Beef Trust" case was overruled by Judge Grosscup in the United States Circuit Court to-day, and a motion was granted for a temporary in-

junction.

"There can be no doubt," said Judge Grosscup, "that the agreement of the defendants to refrain from bidding against each other in the purchase of cattle, is combination in restraint of trade; so also their agreement to bid up prices to stimulate shipments, intending to cease from bidding when the shipments have arrived.

"The same result follows when we turn to the combination of defendants to fix prices upon and restrict the quantities of meat shipped to their agents of their customers.

"Such agreements can be nothing less than restriction upon competition, and, therefore, combination in restraint of trade; and thus viewed, the petition, as an entirety, makes out a case under the Sherman act.

"It may be true that the way of enforcing

and thus viewed, the petition, as an entirety, makes out a case under the Sherman act.

'It may be true that the way of enforcing any decree under this petition is beset with difficulties and that a liberal enforcement may result in vexatious interference with the defendant's affairs. But in the inquiry before me, I am not at liberty to stop before such considerations. The Sherman act, as interpreted by the Supreme Court, is the law of the land, and to the law, as it stands, both court and people must yield obedience.

"The demurrer is overruled and the motion for preliminary injunction granted."

The packers did not announce what their next step would be. They have twenty days within which to make up their minds. If they dispute the facts upon which Judge Grosscup based his decision, the matter will go before a master-in-chancery, and be argued again before Judge Grosscup.

The packers, however, may decide to take an appeal in order to hasten the final adjudication of the case. It is not thought likely that they will let the matter go by default and thus make the injunction permanent.

Catholic Churches Until April 28.

Beginning to-morrow all the Catholic churches of the city will observe the twenty-fifth anniversary of the elevation of Leo XIII to the papacy, according to the order which has been issued by Archbishop Kain. The celebration will continue until April 28, which is the real anniversary of the event. The selection of the character and order of the exercises of celebration is left with the parish priests. On next Sunday in many of the churches special masses will be said.

The anniversary will be recognized by Catholic churches throughout the world. It is unique that Leo XIII is the second Pope within the 1200 years' history of the church who has been Pope for twenty-five years. The other Pope who attained this distinction was his predecessor, Pope Pius IX.

WEAK PEOPLE CAN BE CURED.

Those who are "only half men" can be made the most perfect specimens of physical manhood by wearing Dr. McLaughlin's Electric Belt. It is worn for six or eight hours daily, mostly during sleep. It pours a glowing stream of electric energy into the weakened nerves, filling them with the vigor of youth. From the first day a new spirit of manhood is felt in the veins, the joyous ambition of youth springs forth, and you are a man among men.

Has made thousands of homes happy. It is as good for women as for men. Man and wife can use the same belt. The regulator makes it strong or mild to suit the wearer. It is the only Electric Belt in the world that can be regulated while on the body. You feel the power, but it does not burn and blister as do the old-style baremetal electrode belts. If you are weak or in pain it will cure you. Will you try it?

DR. McLAUGHLIN:

Dear Sir—I want to tell you what your belt has done for me. This year I have done all my machine work, which I could not do for three years. Last year when I worked hard or rode all day I would not get a wink of sleep all night. This year, after using your Belt three months every night, I have done all my machine work.

Thanking you very much for the good your Belt has done me, and hoping other sufferers will give your Belt a fair trial, I am,

### TRAINMEN TO POLL ON ORIGINAL DEMAND

Final Offer of the Committees Refused by the Officials of the Wabash.

ALL LINES NOW INCLUDED.

President Ramsey Claims That Wage Increase Should Apply Only to West Mississippi Lines

As a result of the inability of President Ramsey and the committees of the Wabash trainmen and conductors to come to terms a poll has been ordered by the officers of the orders on the schedule of the original demand made by the committees on the Wabash officials.

This schedule was for an increase of 15 per cent to all freight conductors and brakemen and 12 per cont to the passenger conductors and brakemen, and is the same as was granted by the St. Louis like recentive

cently.

The order for the poll was issued yesterday evening after a conference between President Ramsey and the Wabash superlinendents and the committees.

At this conference the committees offered a compromise on the original demand, which was that the increase asked would apply only to trainmen and conductors employed on Wabash lines west of a line drawn from Chicago to Danville, Ill., excluding about 600 miles of the system.

This proposition was refused by President Ramsey and he was then notified that a poll would be taken on the demand for the original schedule to apply to the entire system exclusive of the Canadian line.

Mr. Ramsey, it is stated, refused on the grounds that the Wabash lines in Illinois should not be included in the Western divisions of the road and that the same wage increase should apply to them as to the Eastern lines.

He stated that the Wabash had met and exceeded the advance made by the competing lines in the East and he was willing to consider a proposition for an advance in the wage schedule of the lines west of the Missisappi, to meet the advance granted by the St. Louis lines. Further concessions than this he declined to make.

The members of the committee claim that the Illinois or middle division of the Wabash is under the same traffic conditions as the Western lines of the system, and the trainmen and conductors should be granted the same increase as was granted by the Western lines. The order for the poll was issued yester-

increase as was granted by the the same increase as was granted by the Western lines.

A member of the committee stated that the line drawn through Chicago to Danville, II., included in the west all the western division of the system, and was, accordingly, offered to Mr. Ramsey as a com-

crit division of the system, and was, accordingly, offered to Mr. Ramsey as a compromise.

"It seems as if Mr. Ramsey is determined not to meet our demands," he said, "and we have, therefore, reverted to our original proposition of demanding the increase over the entire system. I expect a vote will be in within five days. There are about 2,000 trainmen and conductors to vote on the question, and it takes a considerable time to hear from them.

"We have offered all the concessions in our power, and have told Mr. Ramsey that we could promise to settle the matter if he would accept our proposition to grant the increase in Illinois and the territory west of the Mississippi, but he declined, and now it is up to the men whether we shall accept his proposition or push our original demand.

"From the tenor of his remarks I should."

From the tenor of his remarks I should

"From the tenor of his remarks I should judge that he will not concede, in which case it may mean a strike, a thing which we would regret as much as he."

It is stated that unless there is an adjustment of the matter a strike will be ordered, as it is understood that the trainmen and conductors on the system will indorse the original demand.

W. G. Lee, first vice grand master of the Brotherhood of Railway Trainmen, and C. H. Wilkins, grand senior counselor of the Order of Railway Conductors, have attended the conferences.

CHANGE IN MISSOURI PACIFIC. General Superintendent's Office to Be REPUBLIC SPECIAL.

REPURIC SPECIAL

Kansas City, Mo., Feb. 18.—The office of the general superintendent of the Missouri Pacinic is to be transferred from St. Louis to Kansas City. No other Kansas City raliforad, with the exception of the Kansas City Southern and the Kansas City, Mexico and Orient, has an office of that importance here. The purpose of the visit of Russell Harding, third vice president and general manager, and E. A. Gould, general superintendent, to Kansas City last Monday was to conclude arrangements for office rooms for Mr. Gould, who is the official that will come to Kansas City.

It was found that office rooms could not be had in the present Union Depot building, and the officials may establish the offices uptown or in the building in the West bottoms now occupied by the superintendent of terminals.

The Missouri Pacific has two lines out of

Kansas City is the gateway to a system
of Missouri Pacific tracks which cover the
eastern half of Kansas and a Missouri line
to Joplin, Carthage and Granby.

F. J. MoLean, assistant to general manager, on being asked about the report of Mr. Gould's removal, said:
"The question of changing Mr. Gould's headquarters to Kansas City has been under consideration for some time, but I do not know whether Mr. Harding has decided to do it well or not. not know whether Mr. Harding has decided to do it yet or not.

"The reason for the change would be to have the office more in the center of the system, which would be a great convenience to a general superintendent.

"Mr. Harding has just returned from a trip to Kansas City and may have decided to make the change, but I have not heard him say so."

SANTA FE WAGE TROUBLE. No Immediate Chance of Reaching a

Topeka, Kas., Feb. 18.—The Santa Fe officials report to-night that there is no immediate chance of reaching a settlement in the wage controversy with the conductors and trainmen.

There is a difference of 5 per cent in the concession each side is willing to make.

Other Western roads are anxiously awaiting the outcome of the Santa Fe conference in this respect, as it will form a basis of their action as to wages.
